HACHSHAROT HECHALUTZ in Germany 1933-1947

FOLLOWING GENERATIONS

FROM SHOAH BY HEROISM TO REVIVAL

The association was established in November 2021 with the aim of instilling in the public, and especially through educational activities for the younger generation, the legacy of pioneers, graduates of Zionist pioneer training, those who perished or survived. The organization works to research and document their resumes, to collect testimonies in cooperation with the families, dozens of museums and researchers in Israel and abroad about the period of Zionist training in Germany before, during and after the Holocaust, as well as during the period of their Aliya (immigration) to Israel, including within the activities of the "Institute for Aliyah in Bet" (the predecessor of the Mossad). The study also includes the absorption hardships in Israel, the founding of families, and the contribution of the Hachshara graduates to the establishment of kibbutzim and cities in Israel. The association holds social and professional conferences, has created exhibitions in Israel and Germany, holds lectures in Israel and abroad, has created and operates a website in Hebrew, English and German that digitally makes the historical story accessible to the public in documents, photos and videos. At the initiative of Yoav Gad, the organization successfully submits proposals to B'nai B'rith to award the "Jewish Rescuer" award from among the Hachsharot HeChalutz male and female pioneers.

**Telling the story "From Shoa by Heroism to Revival" contributes to the struggle of the Jewish people against Anti-Semitism and Holocaust denial worldwide and on the Internet.**
